By visiting the Website or accessing any content available through the Website you accept this Agreement. Dex One may amend this Agreement at any time by posting the amended Terms of Use on the Website, and you agree that your use of the Website after such changes will constitute your acceptance of such changes. 1. Dex One's Proprietary Rights and Permitted Use

The Website is the sole and exclusive property of Dex One and/or its licensors. You agree not to reproduce, duplicate, copy, sell, resell or exploit for any commercial purpose, any portion of the Website, use of the Website, or access to the Website other than as expressly authorized by Dex One in writing. Use of the Website in any way not expressly permitted by this Agreement is prohibited, and may be actionable under United States or international law.

So long as you agree and comply with the terms of this Agreement, and unless this Agreement is otherwise terminated by Dex One, you are permitted to view and use a single copy of the Website solely for your personal, non-commercial use; provided, however, that you may not publish, modify, distribute, perform or create derivative works from or further duplicate any part of the Website unless expressly authorized by Dex One in writing. You agree that you will not remove or modify any acknowledgements, credits or legal notices contained on the Website.

You hereby acknowledge and agree that, as between Dex One and you, all right, title, and interest in and to the Website, including without limitation any patent rights, patents, business methods, copyrights, trademarks, trade secrets, inventions, know-how, and all other intellectual property rights pertaining thereto, shall be owned exclusively by Dex One.

You agree not to access the Website by any means other than through the interface that is provided by Dex One. You further agree that you will not collect any information from or through the Website using any automated means, including without limitation any script, spider, "screen scraping," or "database scraping" application.
